

VARIOGRIP-5

Item number 66.9055-*

For fast, safe connection to screws/bolts with internal hexagon. Twisting the button on the back of the handle spreads the hexagonal tip so that the adapter fits firmly into internal hexagons with 5 mm wrench size. This results in multiple contact points that enable low contact resistance.

The adapter can also be operated by hand when under load. The fixed Ø 4 mm socket in insulator is suitable for fitting spring-loaded Ø 4 mm plugs with rigid insulating sleeve. Design: 5 mm with gray button

Technical data	
Diameter of plug system	4 mm
Rated Values	600 V, CAT IV, 24 A
Surface treatment electrical contact	Ni
Colours *	21 22 23
Test accessory acc. to	IEC EN 61010-031
Approvals	CE
Remarks	Internal hexagon: 5 mm
